Notes to the Financial Statements

Six months ended April 30, 2024 and 2023

(Unaudited, in thousands of Canadian dollars)

Note 1. Nature of Operations

The Canadian Scholarship Trust CST Advantage Plan (the “Plan”), is a Pooled Education Savings Plan that was established on May 1, 2001. The objective of the Plan is to assist parents and others to save for the post-secondary education of children. The Plan is managed and distributed by C.S.T. Savings Inc. (“CST Savings”), a wholly-owned subsidiary of the Canadian Scholarship Trust Foundation (the “Foundation”). The Plan’s registered place of business is 1600-2235 Sheppard Avenue East, Toronto, Ontario, Canada.

Payments are made by a subscriber to an account maintained by the Plan’s trustee on behalf of a beneficiary. Deductions of sales charges and account maintenance fees are made from the subscriber’s contributions. The principal accumulated over the term of the subscriber’s education savings plan agreement (the “Agreement”) is returned to the subscriber when:

- i. the Agreement matures and the beneficiary is a qualified student eligible to receive the first education assistance payment (“EAP”),
- ii. the Agreement matures and the beneficiary is not yet a qualified student, in which case the beneficiary will forfeit all government grants (as described below), or
- iii. the Agreement is terminated.

The investment income earned on the subscribers’ principal balance is used to provide EAPs to qualified students. A beneficiary is deemed to be a qualified student upon receipt of evidence of enrolment in a qualifying educational program at an eligible institution.

There are a number of government grants that may be available to beneficiaries including the Canada Education Savings Grant (“CESG”), the Canada Learning Bond (“CLB”), the Quebec Education Savings Incentive (“QESI”) and the British Columbia Training and Education Savings Grant (“BCTESG”) (collectively, “Government Grants”).

The Plan collects Government Grants, which are credited directly into Agreements and invests these funds in accordance with the Plan’s investment policies. The Government Grants, along with investment income earned thereon, are paid to qualified students with their EAPs.

Agreements are registered with appropriate government authorities if all required information is provided, and once registered are subject to the rules for Registered Education Savings Plans (“RESP”) under the *Income Tax Act* (Canada). Current tax legislation provides that income credited on subscribers’ principal is not taxable income of the subscriber unless withdrawn as an Accumulated Income Payment subject to certain eligibility requirements. The deposits are not deductible for income tax purposes and are not taxable when returned to the subscriber. Payments made to a beneficiary, including EAPs, Government Grants and investment income earned on Government Grants are taxable income of that beneficiary in the year that the payments are made.

Note 2. Significant Accounting Policies

(a) Statement of Compliance

These financial statements have been prepared in accordance with International Financial Reporting Standards.

These financial statements were approved by the Board of Directors of the Foundation on June 19, 2024.

(b) Basis of measurement

These financial statements have been prepared on the historical cost basis except for financial instruments classified as “at fair value through profit or loss” (“FVTPL”), which are measured at fair value.

(c) Financial instruments

The Plan recognizes financial assets and financial liabilities when it becomes a party to a contract. The Plan classifies its investments in debt and equity securities and financial liabilities based in its business model for managing those financial assets and financial liabilities and the contractual cash flow characteristics of the financial assets and financial liabilities.

Financial assets and financial liabilities classified as FVTPL are measured at fair value on initial recognition and transaction costs are expensed when incurred. Subsequent changes in fair value of financial assets and financial liabilities classified as FVTPL are recorded in “Change in unrealized gains (losses)” in the Statements of Comprehensive Income. When a financial asset and financial liability classified as FVTPL is sold, the difference between the sale proceeds and the fair value on initial recognition of the security is recorded as “Realized gains (losses) on sale of investments” in the Statements of Comprehensive Income.

Financial assets and financial liabilities that are held to collect contractual cash flows are measured at amortized cost using the effective interest method. Financial assets and financial liabilities measured at amortized cost are initially recorded at their fair value plus any directly attributable incremental costs of acquisition or issue. Financial assets at amortized cost are presented net of any allowance for impairment. Interest income, including the amortization of premiums and discounts on securities measured at amortized cost are recorded in interest income. Impairment gains or losses recognized on amortized cost securities are recorded in the Statements of Comprehensive Income. When a debt instrument measured at amortized cost is sold, the difference between the sale proceeds and the amortized cost of the security at the time of the sale is recorded as realized gains (losses) on sale of investments in the Statements of Comprehensive Income.

The effective interest method is a method of calculating the amortized cost of a financial instrument and allocating interest over the relevant period. The effective interest rate is the rate that discounts estimated future cash flows (including all transaction costs and other premiums or discounts) through the expected life of the financial instrument to the net carrying amount on initial recognition.

Notes to the Financial Statements (continued)

Six months ended April 30, 2024 and 2023

(Unaudited, in thousands of Canadian dollars)

Note 2. Significant Accounting Policies (continued)

(c) Financial instruments (continued)

Measurement in subsequent periods depends on the classification of the financial instrument. The financial assets and financial liabilities of the Plan are classified as follows:

Financial asset or financial liability	Classification
Investments, at fair value	FVTPL ⁱ
Investments, at amortized cost	Amortized Cost ⁱⁱ
Cash and cash equivalents	Amortized Cost ⁱⁱ
Accrued income and other receivables	Amortized Cost ⁱⁱ
Receivables for securities sold	Amortized Cost ⁱⁱ
Accounts payable and accrued liabilities	Amortized Cost ⁱⁱⁱ
Payables for securities purchased	Amortized Cost ⁱⁱⁱ

ⁱ Financial assets are designated as FVTPL when acquired principally for the purpose of trading.

ⁱⁱ Financial assets classified as amortized cost, including debt instruments and non-derivative financial assets, are held to collect contractual cash flows and at the time of acquisition are not acquired principally for the purpose of trading. Subsequent to initial recognition, these financial assets are carried at amortized cost using the effective interest method.

ⁱⁱⁱ Financial liabilities classified as amortized cost are liabilities that are not derivative liabilities or classified as FVTPL. Subsequent to initial recognition, financial liabilities are carried at amortized cost using the effective interest method.

Impairment is based on expected credit losses for the investment securities, which are based on a range of possible outcomes and consider all available reasonable and supportable information including internal and external ratings, historical loss experience, and expectations about future cash flows.

(d) Investment valuation

Investments include investments valued at fair value and amortized cost.

Investments at fair value include the following types of securities: bonds, money market securities, equities, exchange-traded funds ("ETF") and pooled funds.

The fair value of fixed income securities that are not publicly traded is measured by using either the average bid price from multiple dealers, or by the present value of contractual cash flows, discounted at current market rates. Interest accrued at the reporting date is included in Accrued income and other receivables on the Statements of Financial Position.

The fair value of securities that are publicly traded in an active market is measured using bid prices at the reporting date.

Investments in pooled funds used to pay the Sales Charge Refund ("SCR") Entitlements referred to in Note 9 are valued at net asset values of the pooled funds at the valuation date, as these represent the value that would be received by the Plan from redeeming its units held in the pooled funds.

Note 10 provides further guidance on fair value measurements.

(e) Investment transactions and income recognition

Investment transactions are accounted for on a trade-date basis. Interest represents the coupon interest received by the Plan accounted for on an accrual basis. The Plan does not amortize premiums paid or discounts received on the purchase of fixed income securities that are classified as FVTPL. Dividends and distributions are accrued as of the ex-dividend date and ex-distribution date, respectively. Realized gains (losses) on the sale of investments, and Change in unrealized gains (losses) are calculated with reference to the average cost of the related investments and are recognized in the period that such gains (losses) occur.

(f) Subscribers' deposits, sales charges and account maintenance fees

Subscribers' deposits reflect amounts received from subscribers, net of sales charges and account maintenance fees and do not include future amounts receivable on outstanding Agreements. Sales charges are deducted from subscribers' deposits and are collected over periods of up to 32 months from the date of initial deposit. Account maintenance fees are paid annually to the Foundation from subscribers' deposits and are accrued throughout the year.

(g) Income taxes

The Plan is exempt from income taxes under Section 146.1 of the *Income Tax Act* (Canada).

(h) Cash and cash equivalents

Cash and cash equivalents include deposit balances with banks and securities with a purchase date to maturity of 90 days or less and includes term deposits, treasury bills and bankers' acceptances.

(i) Foreign currency

The functional and presentation currency of the Plan is the Canadian Dollar.

To the extent applicable in any period, foreign currency purchases and sales of investments and foreign currency dividend and interest income are translated into Canadian dollars at the rate of exchange prevailing at the time of the transactions. Realized and unrealized foreign currency gains or losses on investments are included in the Statements of Comprehensive Income in Realized gains (losses) on sale of investments and Change in unrealized gains (losses), respectively.

(j) Critical accounting estimates and judgments

When preparing the financial statements, management makes estimates and judgments that affect the reported amounts recognized and disclosed in the financial statements. These estimates and judgments have a direct effect on the measurement of transactions and balances recognized in the financial statements. By their nature, these estimates and judgments are subject to measurement uncertainty and actual results could differ.

Notes to the Financial Statements (continued)

Six months ended April 30, 2024 and 2023

(Unaudited, in thousands of Canadian dollars)

Note 2. Significant Accounting Policies (continued)

(j) Critical accounting estimates and judgments (continued)

The estimates, assumptions and judgments that have a significant risk of causing a material adjustment to the carrying value of assets and liabilities are those used in the valuation of the SCR Entitlements. Further information on the SCR Entitlement valuation can be found in Note 9(b).

Note 3. Related Party Transactions

Related party transactions are measured at the exchange amount, which is the amount agreed between the parties.

(a) Distribution and Administration of the Plan

The Foundation, as the Plan sponsor, has appointed CST Savings, as both the Scholarship Plan Dealer and Investment Fund Manager to distribute and administer the Plan. The agreements are renewable annually on November 1.

Administration and account maintenance fees are paid to the Foundation. Administration fees are annual fees of ½ of 1% of the total amount of principal, Government Grants and income earned thereon, as well as of the investments used to pay the SCR Entitlements (“SCR Fund”).

During the six months ended April 30, 2024, \$12,396 was recognized as an expense for Administration and account maintenance fees (2023 – \$12,279). Administration and account maintenance fees included in Accounts payable and accrued liabilities at April 30, 2024 was \$598 (October 31, 2023 – \$468).

Sales charges are paid by subscribers and deducted from their contributions. In accordance with the distribution agreement, the Foundation agreed to set aside a portion of the sales charges collected from subscribers to the SCR Fund each year in order to pay SCR Entitlements when they become due. The balance of sales charges collected is paid to CST Savings as compensation for the sale and distribution of savings plans.

During the six months ended April 30, 2024, \$24,558 was paid to CST Savings from sales charges collected as compensation for the sale and distribution of savings plans (2023 – \$21,121). Related amounts included in Accounts payable and accrued liabilities at April 30, 2024 was \$1,109 (October 31, 2023 – \$1,004).

The Foundation is responsible to pay to beneficiaries of the Plan the refunds of sales charges as promised. Any shortfall in the assets to meet the SCR Entitlements will be funded by the Foundation (see Note 9).

(b) SCR Deficit Funding Payments from the Canadian Scholarship Trust Foundation

For the six months ended April 30, 2024, the Foundation provided deficit funding payments of \$2,850 (2023 – \$3,350) to the SCR Funds (see Note 9(b)).

(c) Fees paid for services of an Independent Review Committee

The Independent Review Committee (“IRC”) provides independent review and oversight of conflicts of interest relating to the management of the Plans. For the six months ended April 30, 2024, the Plan recognized an expense of \$38 (2023 – \$54) for the services of the IRC. IRC fees included in Accounts payable and accrued liabilities at April 30, 2024 was \$10 (October 31, 2023 – \$nil).

(d) Fees paid to monitor and manage the portfolio managers

Included in Portfolio management fees on the Statements of Comprehensive Income is \$427 (2023 – \$348) charged by CST Savings for expenses incurred to monitor and manage the portfolio managers. Included in Accounts payable and accrued liabilities is \$183 owing from CST Savings at April 30, 2024 (October 31, 2023 – \$71) relating to these expenses.

(e) Fees paid for investment management services provided by C.S.T. Asset Management Inc.

CST Savings appointed C.S.T. Asset Management Inc. (“CSTA”) to manage a portion of the Plan’s investment accounts. The agreement may be terminated with 30 days’ notice. The fair value of the total investments managed by CSTA as of April 30, 2024 is \$671,331 (October 31, 2023 – \$594,602).

Included in Portfolio management fees on the Statements of Comprehensive Income is \$415 charged by CSTA for expenses incurred for the performance of these services (2023 – \$347). Included in Accounts payable and accrued liabilities at April 30, 2024 is \$280 owing to CSTA relating to these expenses (October 31, 2023 – \$274).

Note 4. Investment Holdings

The investment holdings are disclosed in Schedule I – Statement of Investment Portfolio and the related Appendices I – III to the schedule, which are explained below.

Government Grant principal received, and income earned thereon are invested collectively with the Subscribers’ principal and income earned on principal. Investment holdings are disclosed in Schedule I – Statement of Investment Portfolio.

For Agreements purchased under prospectuses dated prior to October 2, 2007, investments used to fund the SCR Entitlements of CST Advantage Plan and the Group Savings Plan are managed in a separate SCR Fund (see Appendix I to Schedule I). The SCR Fund’s holdings and income are allocated to the Plan based on its proportionate share of the SCR Entitlements.

For Agreements purchased under prospectuses dated on or after October 2, 2007, investments used to fund the SCR Entitlements of the Plan are managed in a separate SCR Fund (see Appendix II to Schedule I).

For Agreements that transferred from CST Advantage Plan to Family Savings Plan or Individual Savings Plan, investments used to

Notes to the Financial Statements (continued)

Six months ended April 30, 2024 and 2023

(Unaudited, in thousands of Canadian dollars)

Note 4. Investment Holdings (continued)

fund the SCR Entitlements of those Agreements are managed in a separate SCR Fund (see Appendix III to Schedule I).

The investment restrictions set out in National Policy 15 of the Canadian Securities Administrators do not apply to assets invested in the SCR Funds.

Note 5. Capital Risk Management

The Plan's capital consists of the components of the net assets attributable to subscribers and beneficiaries as per the Statements of Financial Position. The Plan has obligations to return subscriber contributions upon maturity or termination as well as pay EAPs of investment income, grants and income on grants. The Plan invests subscriber contributions and government grants received in appropriate investments in accordance with its stated investment objectives while maintaining sufficient liquidity to meet subscribers' obligations.

Note 6. Risks Associated with Financial Instruments

In the normal course of business, the Plan may be exposed to a variety of risks arising from financial instruments. The Plan's exposures to such risks are concentrated in its investment holdings and are related to market risk (which includes interest rate risk and other price risk), credit risk, liquidity risk and currency risk.

The Plan's risk management process includes monitoring compliance with the Plan's investment policy. The Plan manages the effects of these financial risks to the Plan portfolio performance by retaining and overseeing professional external investment managers. The investment managers regularly monitor the Plan's positions and market events and manage the investment portfolio according to the investment policy and mandates.

(a) Market risk

i. Interest rate risk

Interest rate risk is the risk of a change in the fair value or cash flows of the Plan's investments in interest-bearing financial instruments as a result of fluctuations in market interest rates. There is an inverse relationship between changes in interest rates and changes in the fair value of bonds. This risk is actively managed using duration, yield curve analysis, sector and credit selection. There is reduced risk to interest rate changes for cash and cash equivalents due to their short-term nature.

The Plan's holdings of debt instruments by maturity are as follows:

Debt Instruments by Maturity Date	% of Total Investment Fund	
	Apr 30, 2024	Oct 31, 2023
Less than 1 year	9%	9%
1-3 years	9%	8%
3-5 years	10%	11%
Greater than 5 years	40%	41%
Total debt instruments	68%	69%

As at April 30, 2024, if prevailing interest rates had increased by 1%, the fair value of the Total Investment Fund of \$4,620,808 (October 31, 2023 – \$4,241,083) as per Schedule I – Statement of Investment Portfolio would have decreased by approximately \$141,423 (October 31, 2023 – \$135,397). If prevailing interest rates had decreased by 1% the fair value of the Total Investment Fund would have increased by approximately \$158,421 (October 31, 2023 – \$151,607). This 1% change assumes a parallel shift in the yield curve with all other variables held constant. In practice, actual results may differ materially.

ii. Other price risk

Other price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices, other than those arising from interest rate risk. Factors specific to an individual investment, its issuer or other factors affecting all instruments traded in a market or market segment affect other price risk. The asset classes that are most impacted by other price risk are the equities and ETFs of the Plan and the SCR Funds, which represent 32% of the Total Investment Fund as at April 30, 2024 (October 31, 2023 – 31%). The risk associated with the equity component of the SCR Funds is managed by security selection and active management by external managers within approved investment policy and mandates.

As at April 30, 2024, if equity and underlying indices prices had increased or decreased by 1%, with all other variables held constant, the fair value of the Total Investment Fund as per Schedule I – Statement of Investment Portfolio would have increased or decreased by approximately \$15,012 (October 31, 2023 – \$13,016). In practice, actual results may differ materially.

(b) Credit risk

Credit risk refers to the ability of the issuer of debt securities to make interest payments and repay principal. The Plan's portfolio is mainly comprised of bonds issued or guaranteed by federal or provincial governments along with corporate debt instruments with a minimum approved credit rating as set by Canadian Securities Administrators. The Plan has a concentration of investments in government and government guaranteed bonds,

Notes to the Financial Statements (continued)

Six months ended April 30, 2024 and 2023

(Unaudited, in thousands of Canadian dollars)

Note 6. Risks Associated with Financial Instruments (continued)

(b) Credit risk (continued)

which are considered to be high credit quality investments thereby moderating credit risk.

The Plan's credit risk exposure is summarized below:

Credit rating	April 30, 2024		October 31, 2023	
	% of Total Investment Fund	Amount	% of Total Investment Fund	Amount
AAA	12%	\$ 554,641	12%	\$ 526,507
AA/AAH/AAL	26%	1,208,226	28%	1,168,159
A/AH/AL	14%	626,526	14%	612,170
BBB	11%	485,128	11%	456,350
R-1	0%	230	0%	229
Short-term unrated	5%	244,882	4%	176,085
Total debt instruments	68%	\$3,119,633	64%	\$2,939,500

The DBRS Morningstar was the primary source for obtaining credit ratings. Secondary sources used include Standard & Poor's Financial Services LLC and Moody's Investors Service, Inc.

(c) Liquidity risk

Liquidity risk is the risk that the Plan may not be able to meet its financial obligations as they come due. The Plan's exposure to liquidity risk is concentrated in principal repayments to subscribers and EAPs to beneficiaries including SCR Entitlements. The Plan primarily invests in securities that are traded in active markets and can be readily sold. The Plan retains sufficient cash and cash equivalent positions to meet liquidity requirements by utilizing cash forecasting models that reflect the maturity distribution of subscribers' deposits and accumulated income. All other financial liabilities are short term and due within one year. The Foundation directs a portion of the sales charges collected from subscribers to the SCR Funds each year in order to pay SCR Entitlements when they become due.

(d) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Plan holds foreign pooled equity funds and ETFs, which represent 31% (October 31, 2023 – 29%) of the Total Investment Fund. The fair value of the Total Investment Fund would increase or decrease by approximately \$14,194 (October 31, 2023 – \$12,153) in response to a 1% depreciation or appreciation of the Canadian dollar currency exchange rate. In practice the actual change may differ materially.

Note 7. Subscribers' Deposits

The changes in Subscribers' deposits for the six months ended April 30 are as follows:

	2024	2023
Payments from subscribers	\$ 136,149	\$ 136,544
Inter-plan principal transfers	(37,989)	(28,286)
Account maintenance fees	(2,345)	(1,211)
Return of principal	(43,113)	(40,311)
Net increase in Subscribers' deposits	52,702	66,736
Balance, Beginning of the Period	2,341,850	2,388,579
Balance, End of the Period	\$2,394,552	\$2,455,315

Note 8. General Fund

The Canadian Scholarship Group Savings Plan Trust (the "Group Trust") is a legal trust which includes the Group Savings Plan and the CST Advantage Plan (the "Plans"). The Plans are registered with the Canada Revenue Agency as Education Savings Plans. The General Fund is a separate account within the Group Trust and derives its income from the following sources:

- income earned on subscribers' accumulated income from the date of maturity of the Agreements to the date the funds are paid to qualified students as EAPs;
- income earned on the income forfeited when a subscriber's agreement is terminated prior to maturity; and
- income not collected by beneficiaries before the expiry of the Agreements;

According to the trust indenture of the Group Trust, the General Fund may be used to subsidize EAPs for qualified students of either of the Plans within the Group Trust.

As of April 30, 2024 the balance of the General Fund included in the Statement of Financial Position was \$5,076 (October 31, 2023 – \$921).

Note 9. Sales Charge Refund

(a) Sales Charge Refund Entitlements

The Plan refunds sales charges to qualified beneficiaries ("SCR Entitlements") in four instalments during the EAP pay-out period. The total amount refunded for the six months ended April 30, 2024, was \$6,202 (2023 – \$4,756).

As at April 30, 2024, the SCR Entitlements amount of \$206,921 (October 31, 2023 – \$199,235) presented in the Statements of Financial Position represents the average cost of the Plan's investments in the SCR Fund of \$208,301 (October 31, 2023 – \$199,637), adjusted for funds to be transferred to or (from) the direct investment holdings of the Plan of \$(1,920)

Notes to the Financial Statements (continued)

Six months ended April 30, 2024 and 2023

(Unaudited, in thousands of Canadian dollars)

Note 9. Sales Charge Refund (continued)

(a) Sales Charge Refund Entitlements (continued)

(October 31, 2023 – \$(676)) for SCR payments made to beneficiaries during the year, plus accrued interest of \$545 (October 31, 2023 – \$274). The fair value of the investments in the SCR Fund as at April 30, 2024, after adjusting for the above, amounted to \$208,520 (October 31, 2023 – \$179,480). The SCR Fund comprises investments, at fair value, of \$207,410 and Cash and cash equivalents of \$2,485, which are reported in the Statements of Financial Position. The difference between the present value of SCR Entitlements and the fair value of the SCR Fund is not recorded in the financial statements of the Plan.

(i) Agreements purchased under prospectuses dated prior to October 2, 2007

The Plan pays SCR Entitlements to the beneficiaries from the SCR Fund, which amount to 100% of sales charges paid for these Agreements.

As at April 30, 2024, the average cost and fair value of the Plan's investments in the SCR Fund available for the purpose of paying SCR Entitlements amounted to \$77,352 and \$75,667, respectively (October 31, 2023 – \$76,972 and \$68,573, respectively).

(ii) Agreements purchased under prospectuses dated on or after October 2, 2007

The SCR Entitlements amount is comprised of a refund of 50% of the sales charges paid. Any surplus in the SCR Fund will be calculated by the Foundation as the excess, if any, of the value of assets in the SCR Fund over the valuation of sales charge refund obligations based on 50% of sales charges.

For the six months ended April 30, 2024, \$2,773 (2023 – \$3,350) was deposited in the SCR Fund from subscriber contributions, which is equivalent to the estimated present value of the future expected SCR Entitlements of \$100 per unit for all units sold during the period. The discount rate at October 31, 2022 of 5.8% (October 31, 2020 – 5.5%) used in determining the estimated present value was based on the expected long-term investment rates of return of the SCR Fund.

As at April 30, 2024 the average cost and fair value of the Plan's investments in the SCR Fund available for the purpose of paying SCR Entitlements amounted to \$126,998 and \$130,078, respectively (October 31, 2023 – \$119,479 and, \$108,173, respectively).

(iii) Transfers to Family and Individual Savings Plan

If a subscribers' Agreement is transferred to Family Savings Plan or Individual Savings Plan, the subscriber may be eligible for a partial refund of the Plan sales charges paid. The percentage of sales charges to be refunded is dependent on the length of time the subscribers' Agreement was in the Plan and ranges from 0% to 25% of the total sales charges paid. The sales charge refund ("SCR Entitlement") is paid to qualified beneficiaries proportionate to

the amount of EAP withdrawn. The total amount refunded for the six months ended April 30, 2024 was \$1,201 (2023 – \$904). At April 30, 2024, there is an amount owing relating to refunded sales charges of \$20 to Family Savings Plan and \$nil to Individual Savings Plan (October 31, 2023 – \$7 and \$nil, respectively).

As at April 30, 2024, the average cost and fair value of the Plan's investments in the SCR Fund available for the purpose of paying SCR Entitlements amounted to \$3,951 and \$4,150 respectively (October 31, 2023 – \$3,186 and \$3,138, respectively).

(b) Sales Charge Refund Entitlements Valuations

Two separate valuations are performed for SCR Entitlements. First, on an annual basis, a valuation of SCR Entitlements is prepared based on management's best estimates. This valuation is used to estimate the current funded status for SCR Entitlements. The present value of the SCR Entitlements is determined using the expected long-term investment rates of return based on the investment policy for the SCR Fund as explained in (i) below.

Second, a funding valuation is performed at least every two years to assess the adequacy of the assets in the SCR Fund and the Foundation's funding requirements to meet SCR Entitlements in future years. This valuation uses expected long-term investment rates of return as determined by management to calculate the present value of the SCR Entitlements and to project the asset growth of the SCR Fund to ensure that future SCR Entitlements will be fully funded, as set out in (ii) below.

(i) Management's Best Estimates Valuation

The assumptions used in determining the valuation of SCR Entitlements reflect management's best estimate of future payments to beneficiaries and involve both economic and non-economic assumptions. The non-economic assumptions include considerations such as termination of Agreements prior to maturity and participation of eligible students in the collection of EAPs. The primary economic assumption is the discount rate, which is based on the investment policy approved by the Investment Committee of the Foundation. As underlying conditions change over time, assumptions may also change, which could cause a material change in the present value of the SCR Entitlements.

(A) Agreements purchased under prospectuses dated prior to October 2, 2007

The funded status of the SCR Entitlements at October 31 was:

	2023	2022
Present value of SCR Entitlements	\$82,995	\$103,878
Fair value of SCR Fund (Note 9(a)(i))	68,573	83,341
Underfunded portion of SCR Entitlements	\$14,422	\$ 20,537

Notes to the Financial Statements (continued)

Six months ended April 30, 2024 and 2023

(Unaudited, in thousands of Canadian dollars)

Note 9. Sales Charge Refund (continued)

(b) Sales Charge Refund Entitlements Valuations (continued)

(A) *Agreements purchased under prospectuses dated prior to October 2, 2007 (continued)*

The discount rate, which is set at the expected long-term investment return of the SCR Fund as at October 31, 2023, was 5.4% (2022 – 4.8%). A 1% decrease or increase in the discount rate used will increase or decrease the present value of SCR Entitlements by \$2,428 or \$2,273 respectively (2022 – \$3,368 or \$3,141 respectively).

(B) *Agreements purchased under prospectuses dated on or after October 2, 2007*

The funded status of the SCR Entitlements at October 31 was:

	2023	2022
Present value of SCR Entitlements	\$ 98,826	\$94,531
Fair value of SCR Fund (Note 9(a)(ii))	108,173	96,565
Overfunded portion of SCR Entitlements	\$ (9,347)	\$(2,034)

The discount rate, which is set at the expected long-term investment return of the SCR Fund as at October 31, 2023, was 6.0% (2022 – 5.8%). A 1% decrease or increase in the discount rate used will increase or decrease the present value of SCR Entitlements by \$8,753 or \$7,722 respectively (2022 – \$8,937 or \$7,866 respectively).

(C) *Agreements purchased and transferred to Family Savings Plan or Individual Savings Plan*

The funded status of the Partial SCR Entitlements at October 31 was:

	2023	2022
Present value of SCR Entitlements	\$8,721	\$7,216
Fair value of SCR Fund (Note 9(a)(iii))	3,187	1,069
Underfunded portion of SCR Entitlements	\$5,534	\$6,147

The discount rate, which is set at the expected long-term investment return of the SCR Fund as at October 31, 2023, was 5.4% (2022 – 4.8%). A 1% decrease or increase in the discount rate used will increase or decrease the present value of SCR Entitlements by \$555 or \$493 respectively (2022 – \$505 or \$447, respectively).

(ii) Funding Valuation

A funding valuation of the SCR Entitlements for the Plan was completed based on assets and obligations as at October 31, 2022. This valuation included assumptions regarding management's best estimate of termination of Agreements prior to maturity and participation of eligible students in the collection of EAPs. The discount rate used to determine the present value of SCR

Entitlements was based on the expected long-term investment rate of return of 4.8%, which resulted in an unfunded liability of \$22,100 for Agreements purchased under prospectuses dated prior to October 2, 2007. The discount rate used for Agreements purchased under prospectuses after October 2, 2007 was 5.8%, which resulted in an overfunded amount of \$2,500. Agreements purchased and transferred to Family Savings Plan or Individual Savings Plan was 4.8%, which resulted in an unfunded liability of \$6,300. The Foundation has a responsibility to pay to beneficiaries of the Plan a refund of sales charges as promised.

Funding requirements were established by the Foundation to ensure assets are sufficient to meet future SCR Entitlements using expected long-term investment rates of return based on the investment policy approved by the Investment Committee of the Foundation to project the asset growth of the SCR Fund. Any shortfall in the assets to meet the SCR Entitlements will be funded by the Foundation.

The next actuarial funding valuation will be performed in 2025 based on assets and obligations as at October 31, 2024.

Note 10. Fair Value Measurements and Disclosure

Estimates of fair value used for measurement and disclosure are designed to approximate amounts that would be received to sell an asset, or paid to discharge a liability, in an orderly transaction between market participants.

The following table provides a comparison of the carrying amounts and fair values for each classification of financial instruments. For measurement purposes, they are carried at fair value when conditions requiring separation are met.

Carrying Amount and Fair Value of Financial Instruments as of April 30, 2024

	Carrying amount and fair value	Carrying Amount	Fair Value	Total carrying amount	Total fair value
	Financial instruments classified as FVTPL	Financial instruments measured at amortized cost	Financial instruments measured at amortized cost		
Financial Assets					
Cash					
Equivalents ¹	\$ -	\$171,017	\$171,017	\$ 171,017	\$ 171,017
Investments	4,345,598	93,874	91,929	4,439,472	4,437,527
Other Assets ²	-	44,243	44,243	44,243	44,243
Financial Liabilities					
Other Liabilities ³	\$ -	\$ 11,177	\$ 11,177	\$ 11,177	\$ 11,177

Notes to the Financial Statements (continued)

Six months ended April 30, 2024 and 2023

(Unaudited, in thousands of Canadian dollars)

Note 10. Fair Value Measurements and Disclosure (continued)

Carrying Amount and Fair Value of Financial Instruments as of October 31, 2023

	Carrying amount and fair value	Carrying Amount	Fair Value		
	Financial instruments classified as FVTPL	Financial instruments measured at amortized cost	Financial instruments measured at amortized cost	Total carrying amount	Total fair value
Financial Assets					
Cash Equivalents ¹	\$ -	\$ 41,625	\$ 41,625	\$ 41,625	\$ 41,625
Investments	3,998,724	197,539	193,735	4,196,263	4,192,459
Other Assets ²	-	43,516	43,516	43,516	43,516
Financial Liabilities					
Other Liabilities ³	\$ -	\$ 10,692	\$ 10,692	\$ 10,692	\$ 10,692

- Cash and bank balances of \$10,319 (October 31, 2023 – \$3,194) have been excluded.
- Other assets consist of Receivables for securities sold, Accrued income and other receivables and Government grants receivable.
- Other liabilities consist of Payable for securities purchased and Accounts Payable and accrued liabilities.

The following table presents the level, in the fair value hierarchy, into which the Plan's financial instruments are categorized:

- Level 1 financial instruments are valued using quoted market prices.
- Level 2 financial instruments are valued using directly or indirectly observable inputs.
- Level 3 financial instruments are valued using unobservable inputs (including the use of assumptions based on the best information available).

Assets Measured at Fair Value as of April 30, 2024

	Level 1	Level 2	Level 3	Total
Fixed income securities	\$ -	\$ 2,846,040	\$ -	\$ 2,846,040
Equity securities, ETFs and Pooled equity funds	1,499,558	-	-	1,499,558
Total Investments, at fair value	\$1,499,558	\$2,846,040	\$ -	\$4,345,598

Assets Measured at Fair Value as of October 31, 2023

	Level 1	Level 2	Level 3	Total
Fixed income securities	\$ -	\$ 2,697,142	\$ -	\$ 2,697,142
Equity securities, ETFs and Pooled equity funds	1,301,582	-	-	1,301,582
Total Investments, at fair value	\$1,301,582	\$2,697,142	\$ -	\$3,998,724

For the six months ended April 30, 2024 and year ended October 31, 2023, there were no transfers between Levels 1 and 2.
